"All Wrapped Up", an Arts Inclusion project at Danville High School with VSA KY Teaching Artist Michelle Amos. Students explored protection, comfort and community through small and large scale fabric installations. Danville High also held "yarn parties" at Community Arts Center and 2 senior living communities! This project really embraced Danville's slogan of **All Means All**. Well done!

Thank you to The Community **Foundation** of South Kentucky's Vitale Family Fund for their contribution in Central support of VSA Kentucky's mission.

The Kentucky Arts Council, the state arts agency provides operating support to VSA Kentucky with state tax dollars and federal funding from the National Endowment for the Arts.
